Hearing Loop Update – We will be installing a new Telecoil hearing loop in the sanctuary in July. There have been some questions regarding the new system, and below is a link to the website where you can get more information. This system is not proprietary to any hearing aid manufacturer, and the aids are only required to have a telecoil in them or have access to telecoil with some remote controls that have telecoil in them. We will also be purchasing headsets for those that do not wear hearing aids.
